The Sustainable Development Goals (SDGs), otherwise known as the Global Goals, are a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity. These 17 Goals build on the successes of the Millennium Development Goals, while including new areas such as climate change, economic inequality, innovation, sustainable consumption, peace and justice, among other priorities.

UNHCR, the UN Refugee Agency, is a global organisation dedicated to saving lives, protecting rights and building a better future for refugees, forcibly displaced communities and stateless people. Since 1950, we have faced multiple crises on multiple continents. UNHCR have provided vital assistance to refugees, asylum-seekers, internally displaced and stateless people, many of whom have nobody left to turn to by helping to save lives and build better futures for millions forced from their homes.

Consortium for Street Children (CSC) is the only global network that raises the voices of street children and creates long-term change to ensure they are not overlooked. We are 100+ NGOs, researchers and on-the-ground practitioners across 135 countries, working with and for street children. Together, we focus the world's attention on the lives and needs of its most overlooked children. Please visit the CSC stand or talk to one of our staff to find out more, or contact info@streetchildren.org.

Aviva are the UK's largest insurer, and one of Europe's leading providers, giving around 33 million customers worldwide strong life insurance, general insurance and asset management businesses. Since issuing our first insurance policy over 300 years ago, we've never been afraid to tackle the current issues, such as ageing populations and climate change. We believe the Sustainable Development Goals can guide us, our customers, and society towards a brighter, sustainable future; and we are committed to working together with the best minds in the UN and financial world to mobilise private finance and put capital markets onto a more sustainable footing.

UNRIC is the communication hub for the United Nations in Europe. Based in Brussels, the Centre covers 22 Western European countries and maintains a website in 13 languages. Visit www.unric.org for more information.
