• Coronavirus global health emergency: Coverage from UN News
  This page brings together information and guidance from the World Health Organization (WHO) and the United Nations regarding the current outbreak of novel coronavirus (2019-nCoV) that was first reported in Wuhan, China, on 31 December 2019. Please visit this page for daily updates. WHO is working closely with global experts, governments and partners to rapidly expand scientific knowledge on this new virus, to track the spread and virulence of the virus, and to provide advice to countries and individuals on measures to protect health and prevent the spread of this outbreak.
