## WORLD REFUGEE DAY

World Refugee Day is marked on 20 June

*"On World Refugee Day, I call on the international community to intensify efforts to prevent and resolve conflicts, and to help achieve peace and security so that families can be reunited and refugees can return home."*

*- Secretary-General Ban Ki-moon*

### FACTS AND FIGURES

- At least 2,630 migrants died crossing international borders in 2013.
- Over 50,000 migrants and asylum seekers have reached Italy from North Africa in 2014. This is a 12 fold increase from the same time last year.
- At least 2,750 unaccompanied children have reached Italy so far in 2014.
- There are more than 45 million refugees and internally displaced people world-wide

### CALL FOR ACTION:

*"The international community must develop a more comprehensive approach to protect migrants and uphold human dignity. No single action is enough to address the root causes of these mixed migration flows, but lives will be saved if action is taken now to help both migrants and countries during the entire length of the migratory route,"*

*- IOM Director General William Lacy Swing , 10 June 2014*
