An "unprecedented agreement" on the resumption of Ukrainian grain exports via the Black Sea amid the ongoing war is "a beacon of hope" in a world that desperately needs it, UN Secretary-General António Guterres said at the signing ceremony on 27 July in Istanbul, Türkiye. The UN plan, which also paves the way for Russian food and fertilizer to reach global markets, will help to stabilize spiralling food prices worldwide and stave off famine, affecting millions. The initiative specifically allows for significant volumes of commercial food exports from three key Ukrainian ports in the Black Sea – Odesa, Chornomorsk, Yuzhny. The Secretary-General also announced the establishment of a Joint Coordination Centre to monitor implementation. It will be hosted in Istanbul and will include representatives from Ukraine, Russia and Türkiye.
