

- Governorate's Boundaries
- Gaza Strip Border
- Potential asbestos contaminated debris at refugee camps with older buildings (3.74M tonnes)
- Potential hazardous waste contaminated debris at known industrial sites (2.56M Tonnes)

Estimated debris quantities (tonnes)

- < 500
- 500 - 1,000
- 1,000 - 2,500
- 2,500 - 5,000
- 5,000 - 10,000
- 10,000 - 20,000
- > 20,000

Mediterranean Sea

ASBESTOS AND HAZARDOUS WASTE

Highlighted areas of potential asbestos and hazardous waste contamination are based on desk research and require field verification. These risks may also exist elsewhere, so all debris removal must include prior checks and safety precautions.

Datum: WGS 1984
